wheel rate. No U-turn signal specifically identifying a U-turn is set forth in the *Kawamura* reference.

Independent claims have also been added varying the amount of brake steer in response to the steering wheel characteristic. This also is not taught or suggested in any of the references.

Claim 20 is a system claim having similar limitations to those of Claim 1. Claim 20 is also believed to be allowable for the same reasons set forth above.

Likewise, Claims 2-19 and 21-47 are dependent claims and should be allowable for the same reasons set forth above.

Please charge any fees required in the filing of this amendment to Deposit Account 06-1510.

Respectfully submitted,
